## PROJECTS

---

### Institute Management System

- GitHub: [https://github.com/AbhishekGaikwad45/Instutute\\_Manegment\\_sys](https://github.com/AbhishekGaikwad45/Instutute_Manegment_sys)
- Implemented key modules like student admission, batch assignment, test creation, and marks management.
- Built secure and scalable REST APIs using Spring Data JPA and optimized backend workflows.
- Designed a fully responsive and user-friendly React UI, improving overall data handling efficiency.

### Portfolio website:

- Link: <https://portfolio-app1-z9m6.onrender.com/>
- I'm building my personal portfolio using React.js to showcase my skills, projects, and resume. I'm also creating a Contact Us page using EmailJS, which allows users to send messages directly to my email without needing a backend.
- It includes a simple form with name, email, and message fields.
- Once submitted, EmailJS sends the message and shows a success or error alert.

## CERTIFICATION

---

- Full Stack Java
- MERN stack
